

Claim 27. (Amended) [A] The system as claimed in claim 26, wherein [characterised in that] the high-voltage cables [(6)] have a conductor area of between 30 and 3000 mm² and have an outer cable diameter of between 10 and 250 mm.

Claim 28. (Amended) [A] The system as claimed in claim 1, wherein [any preceding claim, characterised in that] said winding can carry a rated voltage of 10 to 800 kV.

Claim 29. (Amended) [A] The system as claimed in claim 28, wherein said rated voltage is higher than 36 kV.

Claim 30. (Amended) [A] The system as claimed in claim 28, wherein said rated voltage is higher than 72.5 kV.

Please delete all multiple dependencies. If any multiple dependencies remain in the claims, it is respectfully requested that said multiple dependencies be deleted and reference be made to the immediately preceding claim.

REMARKS

By this Preliminary Amendment, the application has been amended in order to delete the multiple dependencies from the claims and to place the application in better format according to U.S. practice.

Examination on the merits is earnestly solicited.

Respectfully submitted,

John P. DeLuca
